

## VA69T6AEP2 Graphic Cards

- AMD Radeon RX6900XT GPU
- 16GB GDDR6, 256bit with 2Display port/HDMI® output/USB TYPE-C
- AMD RDNA2 Architecture
- AMD FreeSync Technology
- AMD FidelityFX
- Radeon™ VR Ready Premium
- Radeon Image Sharpening
- Radeon Anti-Lag
- DirectX® 12 and Vulkan support
- PCI Express 4.0 Support

### Specification

|                                |                                                                                                |
|--------------------------------|------------------------------------------------------------------------------------------------|
| GPU                            | Radeon RX6900XT                                                                                |
| CUDA Cores / Stream Processors | 5120                                                                                           |
| Memory Clock                   | 16 Gbps                                                                                        |
| Engine Clock (Base/Game/Boost) | 1825/2015/2250 MHz                                                                             |
| Memory Type                    | GDDR6                                                                                          |
| Memory Size                    | 16 GB                                                                                          |
| Memory Bus                     | 256-bit                                                                                        |
| Interface                      | Support PCI-E 4.0                                                                              |
| Output                         | 2 x Display Port 1.4a<br>1 x HDMI® 2.1<br>1 x USB-C                                            |
| Recommended PSU                | 850 w                                                                                          |
| Power Connectors               | 8pin x 2                                                                                       |
| Card Size                      | 280*126*42 mm                                                                                  |
| Accessories                    | 1 x Quick Guide                                                                                |
| OS Support                     | Windows 7 - 64-Bit Edition<br>Linux x86_64<br>Windows 10 - 64-Bit Edition<br>Windows 8.1 64bit |
| PRODUCT CERTIFICATION          | DirectX 12                                                                                     |
| PRODUCT FEATURES               | Display port<br>PCI-E 4.0                                                                      |
